**Next Meeting:** The next meeting will be held on Monday, July 9, 2007 at the Faith Fellowship Church. Note: This will be the last meeting at the Faith Fellowship Church. We will discuss possible new meeting locations at the July Meeting.

**July Demonstration:**

**Monday, July 9** -- Charlie Shrum, a SCWT member, is welcomed back to do another demonstration for us. Charlie will show us how to make a three-legged container. He will have several done in different stages in order to eliminate our having to watch a lot of repetitive turning. Being the good instructor he is, Charlie will surely teach us some new tricks.

**JULY DEMONSTRATOR IS CHARLIE SHRUM**

Charlie Shrum will be the demonstrator at our monthly meeting on July 9, 2007, 7:00 p.m., at our regular location, Faith Fellowship Church.

Charlie will show us how to make a three-legged container. He will have several done in different stages in order to eliminate our having to watch a lot of repetitive turning.

Being the good instructor he is, Charlie will surely teach us some new tricks.

**DVD Dock for July**

We will have one, and maybe two, new DVD's for rent next month.

The first is a new release, "Making a Peppermill" by Ted Sokolowshi. While I haven't been able to watch it yet, the emphasis is on general design principles rather than the turning itself. The design aspects presented are supposedly applicable to most all turning projects. He just happens to use a peppermill as an example of those design considerations. It's DVD #155.

The possible second will be another in the Tim Yoder series. We seem to have just about all of his shows for viewing, so the past few have been less frequent in offering. It'll be DVD #150.

And don't forget that your support in purchasing the sanding sheets, faceplates, and other stuff is what supports the DVD library. Plus you get the items at a lower price than you can usually find elsewhere.

Hope to see everyone on the 9th.

Tom Weber
