Space Coast Woodturners
Minutes of the 3/9/2011 Meeting

President Read Johnson called the SCWT meeting to order at 7:00 p.m. at the Village of Melbourne, Florida.

There were three visitors: Lew Baldwins, Ty Billings, and Daniel Stringer.

President Johnson explained the new set-up for the turner video production. If changes are needed, let Read know. Thanks to Glenn Baxter for all the refitting.

Harbor Freight has changed its corporate direction and will no longer give the 20% off the entire bill to our members. At the April meeting, the club will decide if it wants to continue to participate in the Saturday Sidewalk Sales.

Hands-on for April 16th will be pepper mills.

Reports from Committees:

Harvey Driver, Treasurer – Harvey Drive reported the treasury has a balance of \$1,600 and \$300 in pepper mills. SCWT also received a \$1,000 Educational Grant from the conference at Lake Yale in February.

Dottie Pugh – gave an update on Beth Ireland's demonstration on Saturday, March 19th. The cost of the demonstration will be \$20 including lunch. Dottie has Dixie Biggs contracted for October 12th. More information will follow at future meetings.

The wood auction netted the club \$65.

The demonstrator for March was Virgil Morar.

Business Meeting Adjourned

Space Coast Woodturners Newsletter

We have five new DVD's for rent this month. Yeah, count 'em - FIVE!

All are new ones by Ron Brown. DVD's 240 and 241 comprise a two-volume set on turned wood boxes. D242 features bottle stoppers, and D243 show how to make various types of spinning tops. D71 (that number is correct - it replaces an earlier DVD that was never rented!) is a DVD, but contains data files, including designs, a reference guide for turners, tool safety, scroll saw money making tips, and much more.

The complete DVD listings are being sent to Bill Howard for posting on the club's website, so you can peruse them at your leisure, and decide which one(s) interest(s) you, and have your selection made before the meeting.

We have two new items for sale as a means of support of the library. The first are wax sheets for a buck each. Each one will provide sealing for about 225 slimline pens tubes prior to gluing. The second is a jig I came up with for ensuring proper depth insertion of the twist mechanism into the lower barrel of pens. They are \$6 each. I'll show and explain in more detail at the meeting.

As previously mentioned, the CA glue is here, and ready for sale. The 1-oz. bottles of thin, medium, and thick are \$5 each, and every bottle includes a precision applicator tip. Also, we have the black CA, also in the 1-oz size. It's \$6.

And as a get-started offer, you can purchase one each of the four bottles for \$20, a savings of one big dollar!

If you recall, we're not bringing the big sandpaper box back and forth any more. So once again, if you know what grits/sizes you need, email me and I'll have it ready for your pickup. And since I don't know exactly how much CA glue we'll sell, you might want to let me know ahead of time as to your requirements for CA glue as well.

Email address is <tpurhrt@earthlink.net>.

And for those who have DVD's checked out, this letter, since it's going out so late, will serve as your monthly reminder to bring it back. With the usual points - saves you a buck(s), lets someone else view it next month, and so on.

Hope to see you Wednesday.

Upcoming Demonstrators:

Charlie Shrum

Important

Please check out the Forum on the webpage and sign up. This is a great way to communicate. You can pick up a demo hand out right off the web page for upcoming and past demos. Please use the web site and post your pictures on the forum as well as the AAW's web site. There are items for sale by club members, please support our members. Club items are on the site as well.
